
PRESS RELEASE

Teckedin.com to showcase ad-free technology platform at CompTIA's ChannelCon

Durango, CO – August 2, 2019 – Teckedin joins thousands of attendees in Las Vegas August 5th through 7th.

We enable the connection between end-user and Channel partner in a whole new way,” said Debby Kruzic, Founder. “We look forward to introducing our platform to ChannelCon attendees.”

Teckedin.com is a two-sided technology platform. They help end-users stay up on technology and learn about the solutions and vendors that can help them. But they ensure the privacy of their members with no ads, opt-ins or web tracking.

The value to the Channel partner is increased visibility. There are no click fees, and their content doesn't get lost in a social media feed.

Channel Partners that join the platform during the show will receive a six-month trial. (Normal cost is \$100.00 per month or \$1000.00 per year.)

HornetSecurity, who will also be at ChannelCon, is one of their early adopters.
