**EVIDENT HIGHEST RANKED EHR VENDOR FOR 7TH CONSECUTIVE YEAR**

MOBILE, Ala. (February 14, 2017) – Evident, LLC, a wholly owned subsidiary of CPSI (NASDAQ: CPSI) and a leading provider of electronic health record (EHR) systems and services, today announced that it has been recognized as the top-ranked inpatient EHR vendor for hospitals under 100 beds by Black Book Rankings. This is the 7<sup>th</sup> consecutive year the Company has been recognized as the top EHR vendor for client satisfaction in small, rural and critical access hospitals under 100 beds.

“We are very proud that Evident has once again been recognized as the top EHR vendor for hospitals under 100 beds,” said Boyd Douglas, president and chief executive officer of CPSI. “As a member of the CPSI family of companies, our long-term goal is to improve the health and vitality of the communities we serve. With nearly 40 years of partnering with rural and community hospitals, we recognize the unique challenges they face. Customer experience is central to our business, and we continue to look for ways to enhance the experience our clients have with Evident.”

The survey, which took place from August 1, 2016 to January 20, 2017, utilized nearly 1,500 validated responses to 18 performance areas of operational excellence to rank EHR providers in the small hospitals under 100 Beds category and more than 18,000 validated responses through all categories. To ensure statistical confidence, Black Book Rankings require that top-10-ranked EHR providers must have a minimum of 10 unique clients represented.

“The independent and objective market research conducted by Black Book Rankings is a valuable factor in helping us understand where we are exceeding client expectations and where we may need to improve our services and support,” Douglas said.

Evident also ranked highly in hospitalists (4<sup>th</sup>), ancillary department usability (5<sup>th</sup>), registered nurses usability (5<sup>th</sup>), and community hospitals (6<sup>th</sup>) in the 2017 Black Book Rankings.

**About Evident, LLC**

Evident is a leading provider of patient centered and community focused electronic health record systems for more than 650 community hospitals and their 12,000 providers. The Company is dedicated to meeting the ever-changing needs of health IT, while optimizing the quality of care for communities in the United States and Canada. Thrive, Evident’s health information solution, is a complete information and patient care system from business office to bedside combined with comprehensive implementation and training services. Thrive offers a seamless user experience and advanced workflows that make it an integral part of delivering quality patient care. LikeMind, the Company’s unique collaborative support model for Thrive, delivers proactive service from its staff of healthcare and business professionals who understand the challenges its customers face and share their dedication to quality healthcare. **About CPSI**

CPSI is a leading provider of healthcare solutions and services for community hospitals plus other healthcare systems and post-acute care facilities. Founded in 1979, CPSI is the parent of four companies – Evident, LLC, TruBridge, LLC, Healthland Inc., and American HealthTech, Inc. Our combined companies are focused on helping improve the health of the communities we serve, connecting communities for a better patient care experience, and improving the financial operations of our customers. Evident provides comprehensive EHR solutions and services for community hospitals. TruBridge focuses on providing business, consulting, and managed IT services along with our revenue cycle management (RCM) product, Rycan, providing RCM workflow and automation software to hospitals, other healthcare systems, and skilled nursing organizations. Healthland provides integrated technology solutions and services to small rural and critical access hospitals. American HealthTech is one of the nation's largest providers of financial and clinical technology solutions and services for post-acute care facilities.
