ORGANIC PURE FLAVOR EXTRACTS

Available in 2-, 4-, 18-ounce and gallon bottles

ORGANIC ALMOND EXTRACT

One of the most popular flavors used in baking, our Organic Pure Almond Extract contains the purest oil of bitter almond, extracted from California, South Carolina and Georgia stone fruit. Pair it with vanilla, chocolate, maple or butterscotch, or use it sparingly to accent salad dressings, sauces, custards or ice cream.

¼ tsp. Almond Extract + 1 Tbs. Sugar = 1 Tbs. Almond Paste for Flavoring

ORGANIC LEMON EXTRACT

Made from California lemon oil and rounded out with peel notes, our Organic Pure Lemon Extract is a fantastic “helper” ingredient to have on hand when a splash of citrus is needed. Add to beverages, vegetables, cakes, cookies, frozen desserts, jams, pies, pastries or use to complement fish, pork and chicken dishes.

**½ tsp. Lemon Extract = 1 Tbs. Fresh Lemon Juice
1 tsp. Lemon Extract = 1 tsp. Lemon Zest**

ORGANIC ORANGE EXTRACT

Our Organic Pure Orange Extract is made of rich, juicy orange oils from Florida, balanced with notes from sweet West Indies orange oil. It's the perfect partner for savory dishes like rice, chicken and fish as well as fruits, jams, marmalades, salad dressings and desserts.

**½ tsp. Orange Extract = 2 Tbs. Fresh Orange Juice
1 tsp. Orange Extract = 1 tsp. Orange Zest**

ORGANIC PEPPERMINT EXTRACT

The mint for our Organic Pure Peppermint Extract is grown in the Midwest under the strictest quality standards. Although the flavor is normally thought of in conjunction with the winter holidays, it's a year-round seller with a variety of uses in both sweet and savory applications, including cakes, icing, ice cream and savory dishes featuring pork, lamb and poultry.
