Bananagrams, Inc. introduces...Countaloupe, the sweet slice and dice game of risk and reward!

Use your melon to ripen your chances in this slice and dice game of risk and reward! Roll the dice, count your seeds, and be the first player to get rid of all the slices in your deck. Stop there or keep rolling, but be careful—one rotten roll of the dice can ripen or squash your chance for sweet victory! Perfect for STEM learners! About Bananagrams, Inc.

At its core, family-owned and Rhode Island-based Bananagrams, Inc. aims to produce family-friendly games with extraordinary packaging, super simple rules and high quality, tactile components that players won't want to put down. This year the brand celebrates 15 years of the global phenomenon word tile game BANANAGRAMS®, played by millions worldwide in more than 45 countries and in 19 different languages. But they're not just bananas, they're also crazy about their fresh new games that can be enjoyed by anybody, regardless of age or expertise.
